# Joocial - How to automatically post new ads from DJ-Classifieds to All Social Channels

**Joocial** is a powerful social content platform to manage multiple social networks for Joomla. It provides Auto-Posting, a Cronjob Scheduler, Front-End Social Management, a Virtual Manager and Publishing Tools.

In this presentation, we are going to show how you can use Joocial with [DJ-Classifieds](#), the classified ads extension for Joomla.

# Joocial - How to automatically post new ads from DJ-Classifieds to All Social Channels

- AutoTweetNG Joocial v7.3, or superior
- DJ-Classifieds v3.0, or superior
  
- This tutorial assumes you have already done a basic configuration.
- Previous Tutorial:

[Joocial - Full social content management](#)

[How to AutoTweet from Joomla in 5 minutes](#)

# Step 1 - Enable the RSS Feed in DJ-Classifieds extension

- Open DJ Classifieds Configuration,
- Open Views tab
- Find RSS Feed setting and set it to RSS

DJ-Classifieds configuration

Save Save & Close Cancel

Global Views Security SEO Settings

General view

Akeeba Backup	Theme	default
Banners	Include default CSS	Yes
Check-in	Ads per page	7
Contacts	Max images per ad	5
Articles	Max image size (MB)	0
DJ-Classifieds	RSS Feed	RSS
EasySocial	Icon 'NEW'	Yes
Smart Search	Marked as 'NEW' (days)	3
Installation Manager		

# Step 2 - Select the Feed

- Go to main site and select the general feed or category specific feed to be imported.

The screenshot shows a website interface with a navigation bar at the top. The 'DJ-Classifieds' tab is highlighted in blue. Other tabs include 'Home', 'Add item', 'Login', and 'User Social Channels'. Below the navigation bar is a section titled 'Categories' with a blue arrow pointing to it. Under 'Categories' are links for 'Computers and Internet (2)', 'Games (0)', 'Health (0)', 'Home & Garden (0)', 'News (0)', and 'Shopping (0)'. Below this is a grid of product cards. The first card on the left is for the 'Nokia E-Series' with a 'NEW' badge, showing a phone screen with contacts like Mike Taylor, Ben Adams, Emma Wilson, and Susan Harris. The second card on the right is for the 'Nexus 5', showing a phone screen with a colorful mountain wallpaper, a price of '349 USD', and a 'Description' link. The 'Description' link has a small info icon next to it.

# Step 3 - Create a new feed in AutoTweetNG Joocial

Featured Yes   No

In Feed configuration (Publishing, Content Creation, and Filters), content can be adjusted.

# Step 5 - Import

A screenshot of a web-based application interface for managing feeds. At the top, there are several buttons: 'Save & Preview' (green), 'Save & Close' (light green), 'Save & New' (blue), and 'Import' (disabled, greyed out). A blue arrow points from the text 'Import Step 5' in the previous slide to the 'Import' button. Below the buttons is a modal window titled 'Feed import progress' showing a progress bar at 100%, indicating '9 - DJ-Classifieds' feeds and '2' articles imported successfully. The main area contains two sections: 'Feed Settings' and 'Article preview'. The 'Feed Settings' section includes tabs for 'Feed Details' (selected), 'Publishing' (with 'Published' selected), 'Content Creation', and 'Filters'. It shows 'Feed Title' as 'DJ-Classifieds', 'Status' as 'Published', and 'Feed URL' as 'http://local-server.extly.net/j3/dj-cla...'. The 'Article preview' section displays a table with one row for a Nokia E-Series article, showing 'Title' as 'Nokia E-Series', 'Alias' as 'nokia-e-series', and 'Category' as '-Select-'. Below the table is a snippet of the article content: 'Phasellus mi elit, feugiat vitae suscipit nec, feugiat pulvinar lectus. Read more <http://local-server.extly.net/j3/dj-classifieds/ad/computers-and-internet,1>'.

# Step 5 - Import Automation

By default, Feeds must be manually imported, and they are not processed by Automator plugin or Cronjob task.

To enable automation: *please, visit the component options (from AutoTweetNG control panel), Feeds Tab; and check the option to "Enable Feeds"=Yes.*

Miscellaneous

# Step 6 - Check Control Panel & Requests and published Posts

The screenshot shows the Joocial Control Panel interface. At the top, there's a navigation bar with links for Control Panel, Requests, Rules, Posts, Channels, Feeds, and System Check. Below this is a 'Social Meter' section with a 'Requests' tab selected, showing a count of 1. Under 'Posts', there's a link to 'Requests'. A large blue box highlights the 'Requests' section.

The 'Joocial - Requests' page displays a single post from 'Extly Community' (@ExtlyCommunity) dated June 5. The post is titled 'Nokia E-Series' and includes a link to 'http://tinyurl.com/mk63xyu'. The post content is: 'Phasellus mi elit, feugiat vitae suscipit nec, feugiat pulvinar lectus. Read more http://...'. Below the post are buttons for Like, Comment, Share, and a dropdown menu. The right side of the screen shows a sidebar with a 'Rec' section containing three items, each with a value of 201.

A separate screenshot shows a social media feed item from 'Extly Community' (@ExtlyCommunity) dated Jun 5. The post is titled 'Nokia E-Series' and includes a link to 'tinyurl.com/mk63xyu'. It features a small image of a Nokia E-Series phone and a 'View more photos and videos' link.

# One last word

We love your feedback, it's our way to improve.

This presentation was created with your help.

Please post a rating and a review at the [#JED](#)  
It really helps ;-)
